

Testimonial for Paul Robertshaw at ME Consultancy

Dear Paul,

This is to thank you for both your service and product, of which we have been extremely impressed with throughout the process.

Not only have you been efficient and personable with everything we have requested, you have put forward some excellent suggestions and with a friendly yet professional approach, it has resulted in a seamless and stress free alteration of our phone number which is already showing signs of gaining us more business.

This is definitely the first of many times we shall be working with you and I would be happy to recommend yourself and your company to any of our friends and associates.

Regards,

Jonathan Coates
